SEVENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KENTUCKY, THURSDAY, JANUARY 30, 1896.

NO. 8.

ST. BERNARD COAL COMPANY,

Miners and Shippers of **COAL AND COKE.**

General Office, Earlington, Ky.

Branch Offices.

A. M. CARROLL, Manager,
337 Union Street, Nashville, Tenn.

S. H. NEWBOLD, Manager,
312 W. Main Street, Louisville, Ky.

R. G. ROUSE, Manager,
Palmer House, Broadway, Paducah, Ky.

CAPT. T. L. LEE, Manager,
Cor. Main and Chestnut, Memphis, Tenn.

A. S. FORD, Manager,
337 Upper Second St., Evansville, Ind.

Wholesale Agents, HESSER & WICKHAM, Houser Building, St. Louis, Mo. J. W. BRIDGMAN, 603 Truett Building, Chicago, Ill.

Keep a Sharp Lookout for Fresh Items of Interest to the Retail **COAL AND COKE** TRADE, which will appear from time to time, permanently occupying this space.

PITHY PARAGRAPHS.

"They have a queer way of doing things at the penitentiary in Kansas. The State coal output was set to the lowest bidder, and the most contract has just been let to the highest bidder."

"One thousand miners went out on the 16th, at Morris Coal Co., in the Hotchkiss Valley. President C. Morris, of the Morris Coal Co., said in relation to the strike that one man had been discharged for sending out inferior coal, because he had not been able to back the miners' demand."

"Despite the new law about the care in handling dynamite and the rule to be followed, which resulted at every mine in Pennsylvania, accidents with this dangerous explosive are numerous. In a tunnel in No. 9 Jello shop, which is penetrating a fault, a negro carrying a box of 25 pounds to a pile on which were three other boxes was blown to atoms, no piece larger than a man's hand being found of his remains. Seven sets of timbers were blown out, and the gateway blocked. It is thought that he let the box of dynamite fall."

"Mr. E. W. Parker, who had charge of the coal exhibit at Atlanta, Ga., has distributed the various samples to charitable institutions in that city. Mr. Parker thinks that the companies would not dare to have the coal returned, and thought that this would be the best method of disposal. He corresponded with the different exhibitors and secured their permission to allow the supply to be distributed in the way named."

"Six dollars per ton is considered a very low figure for coal from Baltimore around the Here to San Francisco, but it is easy to be seen that if this trade were restricted to American vessels, it would be quickly cut down by the competition of British ships, who sell their vessels so cheaply that it is a wonder how they manage to exist. The rate on coal from Bristol Channel ports to San Francisco in the past year has been at no time exceeded 15 shillings, or a trifle less than \$4.00, while cargoes have been taken at 12 shillings, or less than \$3.00."

HAWAII, "THE PEARL OF THE PACIFIC."

The Third of a Series of Letters by John R. Musick.

Author of the Columbian Historical Novels, "Bleeding Brother," etc., etc.

Sans Souci and the Government Buildings, with Reminiscences of Jules Verne and Robert Louis Stevenson.

The most celebrated hotel and bathing place in the islands is Sans Souci, which is near the famous Diamond Head. Sans Souci has had for its guests some of the most famous literary men of the age. Mark Twain spent a good deal of his time while on the islands at this place. Jules Verne and Robert Louis Stevenson made it their home. The latter, in writing of this cool retreat, said:

"If any one of these old-fashioned things as lovely scenery, quiet, pure air, clear sea water, good food, and an inveterate smoker, and an inveterate cigarette smoker. It is barely possible that nicotine poison has not been the cause of some strange, mysterious, gifted man."

"He smoked from morning until night," said the manager of the hotel. "I am certain he would consume sixty cigarettes a day. He was very pleasant, untried, and then he was like a man who had been disturbed him while writing or meditating were sure to hear from him."

asked, "He is out," answered the small man, and he went on with his writing.

"Well, perhaps you can answer my question: I came to see Mr. Stevenson."

"The small man dropped his pen, arose, and extending his hand, said: 'I am Mr. Stevenson.'"

"This was my introduction to this remarkable man."

Then Mr. Timmons told me how Mr. Stevenson came to write his famous novel, "Dr. Jekyll and Mr. Hyde."

"The novel was written on this island and in this town. The Dr. Jekyll and Mr. Hyde live in Honolulu, and you will perhaps meet him before you go. That novel was the offspring of a bitter religious war between Rev. Father Dannon and Rev. Dr. Hyde, D. D., who has charge of the mission school in this city for the training of the young men of the Catholic between the priest and Dr. Hyde, and Mr. Stevenson. Dr. Hyde, a sharp, and cutting, answered him from the pulpit and through the very dawn of a contest became personally bitter."

"Mr. Stevenson had up to the time of this controversy, it seems, very devoted a high regard for Dr. Hyde, but as the words grew bitter, he fancied he discovered in him a dual nature. At times he thought the doctor the very perfection of a gentleman, a scholar and a Christian; at other times he seemed a very different man, one who grew with his morbid fancy, and he conceived from it his wonderful novel."

"I was anxious to meet Dr. Hyde, the man who so strangely inspired the wonderful novel, and when I did meet him I was impressed that he was more jekyll than Hyde. He is a tall, finely-formed, highly cultured gentleman, with a fine scholarly appearance. He is secretary of the Social Science Club, a meeting of which I had the pleasure of attending, and at which place I met him."

"The Labor Bureau, read an article in the labor problem, which was thoroughly discussed and commented upon. One cannot but realize the force of Americanism in the club. Chief Justice Judd, of the Supreme Court, and Professor Alexander, the historian, are members of the club and were born on the Islands, yet they with the others, argued the question from an American standpoint."

The meeting was at the residence of Dr. Hyde, and also I studied him closely all evening. I discovered none of the "incarnate fiend," which Stevenson represents Mr. Hyde to be in his novel."

It was while living at Sans Souci that Robert Louis Stevenson conceived and wrought out his wonderful book, and I decided to visit the famous resort. To reach Sans Souci I had only to take the Waikiki street car, go to the end of the line, and walk the rest of the way. The ride is a pleasant one, and well worth the time and ten cents to make it. It was about two o'clock in the afternoon when I boarded the car driven by a native and went rolling along the street past the government grounds and buildings, past pretty houses half hidden by graceful swaying palms, ferns, and the rich tropical foliage, past banana plantations and groves of tall coconuts, for long stretches with the sea beach on one side and a delightful grove on the other."

The manager of this famous resort showed me the room which had been occupied by Jules Verne and Louis Stevenson, and the tables at which they wrote, and he narrated some anecdotes about them. Their rooms fronted on the beach. After a sea bath, I returned to the cool launa, and was joined by Mr. Thomas E. Evans, a local of the most prominent type, a Canadian by birth. He was prominent in pushing the lottery scheme to which the missionaries objected so strongly. Mr. Evans claims that it was no worse to have a lottery on the Islands than to have thousands of dollars to go out of the country every year in the lottery. He said that the Chinese people were to pay the government five hundred thousand dollars a year for twenty-five years for the franchise. Of

man has erected and fitted up a small shop and restaurant, and took a seat on the beach under his awning. The shopkeeper, a man well along in years, whose queue was turning gray, came out to keep me company. On learning, as I thought, that I was from New York, he tried to scrape up an acquaintance. He had once conducted a laundry in that city and thought the Brooklyn bridge the most magnificent structure in the world. He had only one word for the last three hundred years. The queue was not a rare thing in each country than to be constantly transporting a family from one land to the other. The average Chinaman remains in this country from three to seven years, and then goes back to China, to spend an equal length of time there, and again return."

The next day in company with Mr. Timmons I visited the government building proper. It is a large, building, two stories in height, with lofty ceilings, and a broad stairway. There is a large hall below, ornamented with handsome life-size portraits of Kamehameha I. and his wife, Kamehameha II., III., IV., and V. These comprise all the Kamehameha dynasty, the first great rulers of the nation. The upper hall is decorated with fine portraits in oil, most of them life-size. There is a fine portrait of Queen Emma, the grandchild of John Young, the mate of an American ship who was the trusted adviser and general of Kamehameha I. There is a full life-size portrait of King David Kalakaua, one of ex-Queen Liliuokalani, or Mrs. Dominus as she is called by the natives. There is also a fine life-size portrait of the late Admiral Farragut, who was very much admired by King Kalakaua. Legislative hall, committee rooms, and council chambers, with the various rooms of the cabinets, are in this building. The building before the overthrow of "Admiral" Farragut, was known as the Palace, and is now called by some, "The old Palace," and is rapidly passing into a ruin.

SOMETHING WORTH KNOWING.

At Oakland, Cal. there was a shortage of coal on a recent date, and when a vessel-load arrived there were 75 cars in line waiting a chance to get a portion thereof.

The Davis Coal & Coke Co. of West Virginia, recently made a shipment from Baltimore to Genoa, Italy, of 977 tons of coal and 40 tons of coke. The shipment of coal was made at a freight rate of \$2.25 per ton from Baltimore wharves.

One dealer advertises: "Cherries, rose buds and pearls are all right in their season, but with the weather you need diamonds—black diamonds; we have them direct from the 'Lehigh district.'"

One surprising result of the miners' convention at Pittsburgh was the overthrow of John Calver, their conservative president, who had kept his job in bringing about the high uniform rates paid the miners. In his stead was chosen Pat Dolan, an 'outside fellow,' who was not long ago accused of leading a rioting party on a mine. The vote 34 to 25.

Coke production and output are being curtailed to suit the requirements of demand. By the end of this week there will be 1,000 less tons in blast and production nearly 30,000 tons less. What it was for two months prior to January 1st, when the new rates in coke took effect. This turn in the market was not unexpected. The operators looked for it. They predicted that coke would bring a slump, and their expectations have been fulfilled. But the general effect will be beneficial to the trade—Cincinnati Courier.

An official of one of the 'Anthraxite' companies said: "What the coal trade mostly needs now, and what it has needed for some time, is a brain, somewhere in connection with it. I don't see why the stockholders in our companies don't get up and fire everyone of us on our coal records. I suppose there will always be people who will be in the railroad generally and who will be willing to gain 5 per cent in tonnage and lose 25 per cent in revenue. It is about time to begin to consider dollars in the coal trade instead of mere tonnage."

CURING CORNS.

What the Pedicure Says of Those Painful Excesses.

CAUSED FROM ACID IN BLOOD.

Ice-Cold Water a Cure for Dry and Hot Feet for Moist Feet—Change the Boots Often.

(From Women's Page of the Philadelphia Press.)

A man who has made the human foot an object of research and declares that short stockings are nearly as injurious as short shoes. He says that the feet are not allowed to wear the shoes and when the shoe forces them down the natural result is a painful excruciation that vulgar folks designate as a corn.

"But surely you don't consider an ill-fitting stocking the cause of bunions, do you?" I inquired.

"One of them," he replied. "Corns are the result of pressure. You see, the blood is forced from the sebaceous glands, therefore an excessive or unnatural quantity of oil is thrown off. This discolors the blood, and the excess of oil way to the surface of the toe. As it reaches the cuticle it evaporates, leaving the top layer hard. Layer upon layer of oil forms downward and deepens until it presses on the nerves."

"THE RESULT OF ACID IN BLOOD."

"Corns have no roots. That idea is fallacious. But they cannot be cured until an instrument goes beneath all these layers of diseased oil and removes them. A soft corn is more easily treated and is largely the result of acid in the blood."

"After a corn has been removed, don't rub the shoe on the foot, but wash the foot with cold water every morning upon arising, and rub the part with dry pinches, then bathe the feet in hot water; if they ache, use a few drops of ammonia or borax."

My informant added that for dry feet always use ice-cold water; for moist feet, inclined to perspire, freely, the water as hot as the skin can stand it, and bathe just before retiring. If the feet swell after being washed, put a little vinegar on the feet, and use it as frequently as possible. Even from an old to a new shoe is a rest. The muscles of the foot tire of one position, and matter how easy the leather or last may be. Four or five times a day, if such a cure, is none too often, to take this trouble, and its benefits are astonishing.

Improving nails are the result of

THE PRESIDENTIAL OFFICE.

General Harrison Assures that Incumbent has Satisfied all.

Ex-President Harrison writes on "The Presidential Office" series, in February, "The President of the United States is the most important figure in the discussion in the convention relative to a plural executive for the nation, and upon the point President Harrison has a strong view."

In discussing the constitutional provisions for the selection of a President, the President of the United States has a strong view. In discussing the constitutional provisions for the selection of a President, the President of the United States has a strong view. In discussing the constitutional provisions for the selection of a President, the President of the United States has a strong view.

Carlington Happenings.

News Notes—Personal Paragraphs and Other Odds at Home Worthy of Special Mention.

Head the letter of our Special Frankfort correspondent.

Max Lynch, a well known citizen, of Charleston, in this county died last week rather suddenly.

Are You Made Miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shilo's Yellow Balm is a positive cure. For sale by St. Bernard Drug Store.

We understand that Mr. Will Vanishon will, in the near future, erect a handsome residence.

The little child of New Cross that was accidentally burned, several days since, died last Friday, the injuries being greater than was at first supposed.

I was nervous, tired, irritable and cross. Kar's Clover Root Tea has made me well and happy. Mrs. E. B. Worden.

Large quantities of tobacco passed through the city within the last few days, enroute to market. Farmers generally are complaining of the prevailing low prices.

Shilo's Cure, S. S. A. San Diego, Cal., says "Shilo's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50c. For sale by St. Bernard Drug Store.

Mr. Virgil Fox, the photographer, wishes to announce to our citizens that he secured an excellent negative of the "Columbian Bell" and supply photographs of it to those desiring them at 25 cents each.

Messrs. Thomas Hodge and Ernest Stokes have added a new porch to each of the "yellow houses" in the northern part of the city, which has greatly enhanced the local scenery of that section of our town.

Last Saturday, a crew of St. Bernard mechanics completed the iron bridge over the creek at the foot of the "Nislet Hill." It is a solid substantial structure and will certainly stand the wear and tear of public travel for many years.

Monday morning a little child of Mr. Peter Herb was sitting in a high chair near a hot stove and losing its balance fell upon the stove, and but for instant assistance would have been burned to death, but was rescued, sustaining severe injuries about the hands and face.

"My baby has cramp" was saved by Shilo's Cure," writes Mrs. J. B. Marib, of Huntsville, Ala. For sale by St. Bernard Drug Store.

On the morning of the 25th inst., Ashley, the little son of Mr. and Mrs. James Baldwin, of scarlet fever, after an illness of only two days' duration. The interment took place at Rose Creek cemetery near Noto. The Rev. extends sympathy to the sorrowing ones in the sad hour of bereavement.

CHRISTIAN ENDEAVOR NOTES.

Miss Dollie Dean led the service at Christian Endeavor meeting last Saturday evening.

The attendance was full and number of visitors quite large, including Rev. J. T. Cherry, pastor of the M. E. Church, South, who came to participate in the meeting before the regular preaching service at his church.

It was the evening for praise service and song, and was participated in by many members who voluntarily and briefly responded, making the total time consumed in the meeting about three quarters of an hour.

Miss Hopper read a message to the Endeavorers from Miss Alice Miller, now a missionary teacher in Tokyo, Japan. Three messages came frequently and are highly appreciated by the society, of which she was a devoted member.

Rev. Cherry was called upon to answer the question: "How young people may overcome timidity in testifying for Christ?" He suggested that "timidity, personal love for Christ as a friend" would overcome timidity in acknowledging him by those of any age; next, "the habit of testifying."

One chap came in and stalked across the floor, making a noise, while a bright boy Endeavorer was in his best voice, doing his part of the service. Consideration is a good thing.

For meeting of February 2d, the Topics—"Laborers together with God." Leader—Mrs. C. H. McGary.

The candy pulling that was provided at the regular monthly social meeting on Tuesday evening, was a thorough success and fully enjoyed by children and grown-ups alike.

Mr. M. B. Long, Earlington, displayed great kindness in making the candy and preparing it for the children to pull. Mrs. Long's tally is well known to our people and the batch was up to the usual standard. He took furnace and everything made the candy on the spot.

A rhyme descriptive of and inviting to the pleasure of the candy pull, written by Jesse Phillips, was recited by David Burr just before the candy was served.

Those Who should have Masquers. seen "Uncle Sam" and "Old Ma." They were a pair—went together—didn't dance together—they didn't dance—received praise together. Moreover they defied scrutiny and remained close throughout most of the evening. Our "hoss editor," W. A. Toombs and Mrs. Jack Day were the above pair. The Bee's characteristic heading was printed all over the paper of which Mrs. Day's costume was a part.

There was the "Devil" by Henry Jones—a ready made costume—by took the prize. "Hayseed" by young Burden who made the echoes ring by cracking his whip as only a "mule driver" can crack a whip. The masque representing J. M. Victory & Co. was good. The rest was not stay late enough to discover. There were some visitors from Madisonville. The masquers were not numerous nor the attendance large, but the music was good and all seemed gay. We do not know the attendance was big enough to make the managers smile or frown.

Ex-Marshall Barnett of the new livery stable, takes the front seat this week by putting up a telephone from his place of business to his residence thus opening up ready communication with his severest friends in regard to the proper place to expect dinner, etc. He has also hung a large lamp in front of his stable, thus shedding light over the pathway of the belated wayfarer. Let others know the place to expect dinner.

Mr. Timmons, city editor of the "Herald Star," said: "I met Mr. Stevenson while he was here, and was very strangely impressed by him from the first. I was at his house in St. Louis, and went to call upon him. He was a quiet, unassuming man, but the quiet place of the house proper. No one was in sight but a small, ordinary looking man, and a small, ordinary looking man."

Mr. Timmons, city editor of the "Herald Star," said: "I met Mr. Stevenson while he was here, and was very strangely impressed by him from the first.
